Command and Control Journal

- The CCRP will, as a result of numerous suggestions and an overwhelmingly positive response from the 7,500 members of its Professional Directory, create an on-line professional C2 journal. Your support is invited.
- Three levels of involvement:
 - Identify at least one publishable paper from the CCRTS/ICCRTS
 - Volunteer as a peer reviewer of papers
 - Volunteer as a content editor of journal

Modeling and Simulation Survey

- Fill out the survey in your registration packet and drop them off in the boxes that say “survey”
- We are looking for the following information
 - *Title of Effort / Activity*
 - *Type of network(s) involved – C2, generic, information, communications, social-organizational*
 - *Principal Investigator – project manager - PoC*
 - *Description of the effort – to include purpose - scope*
 - *Products (outputs) that are available –e.g. a report, model, data etc*
 - *Thoughts and suggestions*

Thank you
for participating in the 2006 CCRTS

We want your feedback and suggestions
